

Technical Data Sheet

K68/88/3 - DOUBLE Y CONN WITH INSERTION

Identification	Product Code	6661	
	Description	Insertion Tool 7cm	
Dimensions	Overall Length	7cm	
	Overall Width	-	
	Capacity (ml)		
	Part specific dimension	Luer Lock connection	
Composition	main material	polycarbonate	
	other material	Stainless Steel	
Properties	Weight	n/a	
	Test Results	on file	
Sterilization	Sterile/Non-Sterile Part	Non Sterile	
	As part of a CPT pack	ETO Sterilization (ethylene oxide)	
Manufacturing	Company Name	ARGON MEDICAL DEVICES	
Regulatory	Latex Free y/n	Y	
	CE Mark	Product CE Marked as per 93/42/EEC Directive on Medical Devices	
	Other standard	NA	
Storage	Optimal Conditions	Keep in a cool, dry place away from intense sources of heat and direct sunlight.	

Identification	Product Code	6660
	Description	Adaptor Angio Double K68/88/3
Dimensions	Overall Length	9cm
	Overall Width	

Composition	main material	PC
	other material	n/a
Properties	Weight	n/a
	Test Results	on file
Sterilization	Sterile/Non-Sterile Part	Non Sterile
	As part of a CPT pack) Sterilization (ethylene oxide)

Regulatory	Latex Free y/n	Y
	CE Mark	Product CE Marked as per 93/42/EEC Directive on Medical Devices
	Other standard	NA
Storage	Optimal Conditions	Keep in a cool, dry place away from intense sources of
